

## Technical Bulletin #22 Card-Trak System

### Cleaning Card-Trak Readers

To help prevent Credit Card read failures the Card-Trak reader head should be cleaned regularly. Bellatrix recommends using a head cleaning solution for your credit card readers at least once every 3 months for outdoors and every 6 months for indoors.

A suggested cleaning product is Advantus CardKleen available at Tech Depot or Office Depot for \$20 for 25 cleaning cards.
